## CHURCH CHATTER.

The General Baptist Association adjourned to meet next year in Mt. Sterling.

The First Baptist church at Muncie, Ind., unanimously voted to request women to remove their hats during services.

J. H. Morton Morris has been in the choir of Christ's Church, Louisville, 51 years last Sunday, when he was presented with a silver cup.

Rev. G. W. Perryman has resigned the pastorate of the First Baptist church, of Cincinnati, because it is slowly but surely disintegrating.

Rev. W. S. Grinstead writes that he will preach at his church here next Sunday at 11 o'clock and at McKendree at 3. No service at night.

For the purpose of organizing a Methodist church at Mt. Vernon, Rev. W. S. Grinstead will preach there next Tuesday and Wednesday, 25th and 26th.

Two Mormon preachers were given permission to preach in the Mt. Pleasant Church. A member heard of it and went and nailed up the doors and windows.

The Methodist Episcopal Board of Missions is preparing for an extensive missionary movement in the colonies that Spain will probably lose as the result of the war.

Rev. P. W. Allen went to Mt. Sterling Wednesday. Sickness in his family kept him from going over in time to address the C. W. B. M. as he was on the program to do.

The Rev. J. H. Hopper has closed a meeting at Mulberry, with 23 additions to the church. He has also been engaged in a meeting at Cropper, in which there were nine additions.

The Norfolk, Va., Landmark, prints in full the beautiful and eloquent address of Rev. W. A. Slaymaker delivered at the memorial exercises of Nemyer Shaw, a Confederate Veteran, last Tuesday, which is one of the finest efforts of the kind we have ever read.

The report to the Christian convention in session at Mt. Sterling shows that there are now in Kentucky 750 congregations of the Christian church, with a membership of 100,000. In the last year there was raised for foreign missions \$8,910.29; general missions in the United States, \$4,134.95; church building, \$2,671; negro evangelization, \$575.99; woman's missionary society, \$5,119.15; Kentucky missions, \$14,566.66, making a grand total of \$35,928.45.

Evangelist W. R. Gales is drawing large crowds and exciting much religious interest at the Presbyterian church. He is an earnest and faithful laborer for his Master and inspires his hearers with zeal and enthusiasm. Committees have been appointed to go out into the highways and by-ways and invite the people to attend the services and they are generally accepting the invitation. At his request all of the stores in town close at 7:30 P. M. so that the proprietors and employees may attend the meetings. Much time is devoted to singing, which is a very excellent feature of the services.

## MATRIMONIAL MATTERS.

Frank Gaines, of Little Rock, Ark., blew his brains out when his wife left him for another man.

William Morgan, 27, and Miss Mary E. Roberts, 17, were married at Rev. J. M. Cook's at Highland yesterday.

The marriage of Mr. J. Tandy Ellis and Miss Harriet Bainbridge Richardson will be quietly celebrated at Lexington on the 30th.

Mr. J. W. Wallin, a brother of Squire W. D. Wallin, and Miss Alice, the pretty daughter of Mr. J. C. Hays, of Crab Orchard, were married Tuesday.

Near Nelsonville, O., a Chinaman was married to an Indian girl at a gypsy camp. They fell out a few hours later, and agreeing to disagree they separated forever.

Miss Emily, daughter of the late Col. A. Keene Richards, of Georgetown, the famous turfman, was married Sunday to Capt. Frank Stubbs, of Monroe, La. The marriage took place at Mobile, where Capt. Stubbs is in camp with the Louisiana volunteers.

At Prestonsburg, John Barrett was remarried to his divorced wife after a separation of 30 years. The bridegroom is 65 years old and the bride 50.

J. Wheeler Cayce and Mrs. Rebecca Adams Cayce, who were divorced last year, were remarried at Hopkinsville. Since the divorce was granted they have been fighting in the courts over the custody of their three children.

## POLITICAL POINTS.

Hon. W. H. Lyons, Debow's private secretary, is now a commissary of subsistence, with the rank of captain.

The court of appeals elected Capt. Ed Porter Thompson State custodian, under the recent act of the Legislature. He was formerly superintendent of public instruction.

Civilian surgeons who examine applicants for the army are to get for a man.

H. G. Trimble was appointed postmaster at Somerset, which is a victory for Gov. Bradley and Judge Morrow. He lost an arm in the Federal service and since the war has filled the office of circuit clerk several terms.

In a thoughtful article on the criminal delay in prosecuting the war, the Courier-Journal says: The people are not going to silently submit to a policy of useless delay. If Havana is not ours long before the end of the "rainy season," there will be those next November who will regret that the war was not ended before the suspicion was born that politics had got into its conduct.

The Advocate says that all the candidates appear to believe that Boyle county is neutral ground and they are training their big guns in this direction. Gilbert and Thompson are making special efforts to divide the McCreary strength. McCreary, however, has some shrewd lieutenants who will no doubt hold their own in the fight. The county convention will be hot.

The Indiana democrats in convention to nominate a candidate for secretary of state favored a permanent strengthening of the army and navy, with adequate coast defenses, the construction of the Niagara canal, reaffirms the platform of the Chicago convention in favor of the free and unlimited coinage of silver and endorses Bryan, with compliments for his patriotic course in joining the army.

A dispatch from Danville sizes up the Congressional situation pretty correctly as follows: Conservative McCreary men claim positively that their man is absolutely certain of Madison, Lincoln, Boyle, Garrard and Rockcastle. These give him 77 votes, or two short of a majority. His more enthusiastic followers assert with equal emphasis that he will get Anderson. This would give him the nomination on the first ballot. And to this dead-sure thing they add Jessamine, which would clinch the victory beyond on all question. They assert that Jessamine is really for McCreary, and will send McCreary men as delegates pledged of course to vote for Crutcher so long as there is a chance for him to win. There is hardly any doubt that McCreary occupies the most favorable position, and his nomination on the first ballot would not be surprising. Gilbert, however, is making new friends every day and with another month to work in would be an extremely formidable quantity.

## NEWS IN THE VICINAGE.

G. T. Johnson has been appointed postmaster at Orlando.

Calvin C. Gray, one of Gray's best citizens, died there Wednesday.

Five shares of Farmers Bank, of Danville, stock sold Monday at \$190.

T. S. Bothering has been appointed postmaster at Colyer, Madison county.

J. H. Warren has been appointed postmaster at Dewitt, Knox county, Kentucky.

Dr. J. W. Guest, of Louisville, will be resident physician at Rock Castle Springs this season.

In the county court at Danville Monday, R. G. Evans qualified as administrator of Mrs. Ellen Owsley Evans.

It is said that another of the Bakers has been assassinated in Clay, but whether by the Howard faction or not is not known.

Gov. Bradley has issued rewards of \$100 each for the arrest of the persons who destroyed the toll-houses on the Richmond and Lancaster turnpike, June 10.

James Collins, a barber of Manchester, was shot and instantly killed at his home last Saturday night. It is not definitely known who did the killing. It has no connection with the Howard-Baker feud.—London Echo.

W. S. Hilton has exchanged his stock of goods and store house with a Mr. Lynch, for a farm near Columbus, O., and moves there next week. We regret to lose Mr. Hilton as a merchant and citizen.—Junction City Cor. Advocate.

The Danville council has compromised the bank tax cases. Under the agreement, Danville is to receive \$8,000 in lieu of all unpaid past taxes, and the banks are to pay the taxes levied for the year 1898, which will make about \$2,500 additional. In other words, there was in question an aggregate sum of between \$14,000 and \$15,000, and the city accepts \$10,500 as a compromise. The taxes to be paid by the banks for the year following 1898 will depend upon the decisions to be rendered in the courts in cases now pending.—Advocate.

## MIDDLEBURG.

The Baptist church is without a pastor.

W. T. Dorman made a business trip to New York and returned last week. Mr. and Mrs. J. K. Polk McAninch are rejoicing over their first born. It is a boy, a 12 pounder at that, and pa and ma and Grandma McAninch are the happiest trio on terra firma.

Mrs. W. T. Crutcher has not been able to speak above a whisper for more than seven weeks, and her condition is pitiable indeed. She is a most estimable woman and everybody sympathizes with her. She was in that condition about five years, but recovered her voice.

There is said to be a corn field near the mouth of Indian Creek so weedy that the neighbors instead of posting it for sale are talking of advertising for stock to graze it. Tom Moran says it would be out of the question to think of cleaning it out any other way. And the worst of it is, it belongs to a Stout—and I like to have said an industrious young man.

Milford Delk, of the Indian Creek section, killed a red fox with a weeding hoe a few days ago. It was chasing one of Mrs. Delk's hens at the time and was so intent upon its mission that it took no notice of the danger into which it was running, and coming in reach, Milford dispatched with a hoe, which he happened to have in his hand. Foxes have been very troublesome in that section for some time and the women are talking of making up a pony purse to reward Mr. Delk for this righteous deed.

## CALL FOR MASS CONVENTION TO SELECT DELEGATES TO CONGRESSIONAL CONVENTION.

In obedience to the order of the executive committee, I hereby call a mass convention of the democrats of Lincoln to assemble at the court-house in Stanford at 2 P. M., standard time, Saturday, July 3rd, to select delegates to a district convention to be held at Danville, July 12th, which will nominate a candidate for Congress in the 8th district. The basis of representation will be one delegate for every 100 votes and a delegate for every fraction over 50 votes for the leading democratic elector in the last National election.

The said executive committee fixed this qualification for voters: All persons who voted for the Bryan electors at the last National election, and who are qualified voters at the time of the mass convention herein provided for are held, or will be such at the next succeeding election; all democratic youths who will be eligible to vote at such election, as well as such other persons of democratic faith who by their participation in such mass conventions herein named and who shall thereby claim themselves obligated to support the nominee of the district convention shall be entitled to participate.

J. E. CARSON, Chm'n.

E. D. KENNEDY, Secy.

LOW RATES TO WASHINGTON, D. C. AND EASTERN CITIES.—On account of the meeting of the National Educational Convention at Washington, D. C., July 5th to 15th, the Chesapeake & Ohio Ry. will sell round trip tickets to Washington from all stations in Kentucky on July 3rd to 6th at one fare plus \$2 for the round-trip, good to return until July 15th; and subject to an extension of time until August 31st by depositing tickets with the joint agent in Washington on or before July 12th. This is your opportunity to visit Philadelphia, New York and the seashore. Low rate side trips can be made from Washington to Old Point Comfort and the seashore. The Chesapeake & Ohio Ry. has two limited vestibuled trains each way daily without change. Its scenery is unsurpassed, its train service unequalled, and is several hours quicker from all Central Kentucky points than so-called "Official Routes" via Cincinnati. "A glance at the map will convince you." Avoid delays and changes by taking the Chesapeake & Ohio trains. For sleeping car reservation, or any information write or call on your ticket agent, or Geo. W. Banney, Dis. Pass. Agt., Lexington, Ky.

The seed sent out by the government has proved so poor as to make possible a positive injury and loss to the purchaser that Congress has authorized the secretary of agriculture to purchase samples of seed in open market, test same and when found not up to the standard he may, at his discretion, publish the results of these tests, together with the names of the seedsmen by whom the seeds were sold.

"Fly with me!" he implored. "I have no wings," the maiden answered with a hard, cruel laugh.

"Pardon me!" hissed the youth, his face set and resolute, "your pigeon toes misled me!"

She shivered, now, and drew her feather boa more closely about her slender neck.

Henry Sizemore, of Clay, was given two years for incest.

## CRAB ORCHARD.

Messes. Allen and Johnson, of Laurel, are holding a protracted meeting at the Holmes school-house.

People are beginning to come from every direction to drink the water of Crab Orchard's famous wells.

The Quaker doctors are in town and are giving a free show nightly, to which everybody goes and enjoys the music.

The L. & N. is extending the passing track at Crab Orchard about 600 feet, which will make it long enough to hold two full trains.

Mr. Mack Holmes and family have the sympathy of the community in the loss of their youngest child. Little Tom was the idol of the home but their loss is his gain and they should be comforted for God doeth all things well.

Miss Annie Melvin, of Earlston, is visiting the family of her uncle, J. H. Cullier. Mrs. Nannie Sautley and Miss Ellen Ballou, of Stanford, were here Tuesday working in the interest of Stanford Female College. Miss Smith, of Somerset, and Mrs. H. D. Campbell, of Louisville, are guests of Dr. and Mrs. J. D. Pettus. Miss Birdie Martin, of Middlesburg, is visiting Mrs. W. E. Perkins and other friends. Mr. Will Hansford, of Manchester, came down Monday to be with his mother, Mrs. Eliza Hansford, who is gradually growing weaker. Mrs. Lucinda Slaughter, of Montgomery, Ala., is up to spend the Summer with Mrs. D. G. Slaughter at Crab Orchard and her mother at Manchester. Miss Capitola Slaughter will accompany her to Manchester. Miss Fannie Redd returned from Livingston Monday where she had a delightful visit to her uncle, Dr. J. S. Cooper and family.

HOW TO GET THE BONDS.—The war loan which is now being offered will be sold to subscribers at par during the period of subscription, which ends July 14, 1898. The method of subscription has been made as simple as possible. Blank forms may be obtained at every money order post-office, and at most of the banks and express offices, and on these forms is clearly indicated all that is necessary for the subscriber to fill out. The subscriber may himself mail to the treasury department at Washington the blank form filled out, together with his remittance covering the par value of the amount of bonds for which he wishes to subscribe. That remittance may be in whatever form best suits the subscriber's convenience—in currency, bank draft, check, post-office money order, or express money order. The day the currency is received, or the day the proceeds are received from the checks, drafts, or money orders, the subscription will be entered and will immediately begin drawing interest. When the bonds are delivered, a check will accompany each delivery covering the interest at 3 percent from the day the subscription is entered to the 1st of August, the date of the bonds, and from which date the bonds will carry their own interest.

The State Board of Health has issued a notice that it will hold an examination of applicants for license to practice the healing art "by any system or method whatsoever" at the University of Louisville, in the city of Louisville, beginning at 9 A. M. Tuesday, July 5. The examination will be open to all bona fide residents of the State, who are graduates from schools of Osteopathy, from medical schools whose standing has not been heretofore fixed by the board, and to all reputable non-graduates who were reputedly and honorably engaged in the practice of medicine in this State prior to February 23, 1884, who can furnish the proof required by the statutes.

Under the new law private postal cards may be sent through the mails with a one-cent stamp affixed, containing either written or printed matter. The cards must not be larger than the regular postal card, 3 1/2 x 5 inches. On the address side they must bear the words: "Private mailing card—Authorized by act of Congress, May 19, 1898." Nothing but the address may be written on this side. The message on the other side may be either in writing or in print, and advertisements in colors may be used. This will be of great convenience to merchants and other advertisers.

Mr. P. Ketcham, of Pike City, Cal., says: "During my brother's late sickness from sciatic rheumatism, Chamberlain's Pain Balm was the only remedy that gave him any relief." Many others have testified to the prompt relief from pain which this liniment affords. For sale by Craig & Hoeker, Druggists.

Frank Davis, of Albany, Tenn., attempted to kill himself when he saw his sweetheart throwing a kiss at another of her beaux.

# THE INTERIOR JOURNAL

STANFORD, KY., - JUNE 24, 1898

W. P. WALTON.

IN conversation with an old Confederate yesterday he expressed the deepest disgust at the criminal tardiness in getting the recruits ready for war. "Why," said he, "President Lincoln issued his proclamation of war in April 1861 and within three months the Southern Confederacy without a single soldier to start with, without arms, ammunition or anything of the requirements for war had whipped the splendidly armed and equipped U. S. army at Manassas and put it to inglorious flight. There was no red tape mobilizing in those days. It was like Capt. Mike Salter, one of the bravest of Morgan's captains, said to Capt. Balance, the slow motioned mustering officer at Lexington, when chiding him for delay, 'Gen. Morgan rode through Kentucky with a squad of men, mobilized an army on the gallop and whipped the enemy on sight.' It is absolutely disgusting to think that it has taken this resourceful nation of 70,000,000 people more than two months to get a few volunteers armed and equipped for service. War means a good deal more than wearing shoulder straps and swords, and we need somebody at the head of affairs to impress that fact. There has indeed been the most criminal incompetence and blundering displayed by officials high and low. Had the navy with regulars been sent against Havana immediately on the declaration of hostilities, the capture of that city could have been easily accomplished and the starving reconcentrados that we started out to feed and free, would have long ago received succor and the war would have been a thing of the past; whereas with the exception of Dewey's victory won without the administration's assistance and in spite of it, nothing has been accomplished. The peace at any price party, of which McKinley was chief, seems to have fully determined that since they could not avert war, it shall be a bloodless one so far as fighting is concerned. Reconcentrados may starve and the flower of the American earth sicken or die in camps and on vessels, but no bloody Spaniard will be killed, if McKinley and his crowd can help it.

THE INTERIOR JOURNAL, like a great many of its readers, was for Gov. McCreary for Congress before any other candidate announced himself, but had it not been originally for him the mean and meanly fight and unrighteous combination against him would have drawn us to his side. Knowing that he is stronger than any one of them and doubtless stronger than both of them together, the candidates have combined to defeat him, but it is not written that it will be successful. The people are with the governor and they will trample over the politicians who attempt to thwart their will. Let every McCreary man see to it that he gets justice by coming here on the 9th and standing in his column.

SPEAKER REED was entirely ignored by the republican county convention at Portland, Me. Resolutions were passed eulogizing President McKinley, endorsing his conduct of the war, advocating an aggressive foreign policy, an increase in the army and navy, and advocating the annexation of the Hawaiian Republic, but not a word was said of Reed, nor was he mentioned in the speeches. Considering that he represents that town and county the action seems a deliberate slight at the speaker, who is said to feel it very keenly.

C. W. LESTER won his suit to set the gerrymander act in the 3d district aside. The court of appeals affirmed Judge Morrow's decision and held that under the constitution appellate redistrictation can only occur every 10 years. The act sought to transfer Whitley county with its 2,000 republican majority to Judge Burnam's district and also to cut off several republican counties from Hazelrigg's district. Mr. Lester will be a candidate to succeed Judge Lewis.

THE democrats of Memphis have renominated by acclamation for Congress, E. W. Carmack, who sent old Josiah Patterson to grass last year in the election and then downed him on a contest in the House of Representatives. Patterson had no claim at all to the seat, but he reckoned on the racialty of the republicans and his gold bug proclivities, and lost even with those in his favor.

A DISPATCH from Frankfort says that Attorney General Taylor has told a friend here that he is still undecided about his candidacy for the republican nomination for governor and that the chances are he will not run. This is bad news. All the democrats, who know Taylor, want him to run. He is about the shortest horse in the republican stable and is fully as dense as he is short.

THE country is safe. "Sweaty" Koop, of Louisville, has been given a position in the internal revenue department at Louisville.

GEN. SHAFER, with Admiral Sampson's assistance, landed his army at Daiquiri, 15 miles east of Santiago, and at Juragua, three miles west of Daiquiri, with very little resistance. A 20 mile battle line of warships, shelling every cove, as well as bombarding the fortifications at the entrance to Santiago harbor, kept the Spaniards in fear of an attempt to land at a dozen different points. Dummy transports also lured them off to the west, while the Cubans under Gen. Kahl, west of Santiago, added to their confusion by a sharp attack on the Spanish forces.

HANNA was in complete control of the Ohio republican convention which met Wednesday at Columbus, and nominated a State ticket from Secretary of State down in short order. Charles Kinney heads the ticket. The resolutions endorse McKinley's administration and his course in the war, favor the annexation of Hawaii and commend the election of Hanna to the United States Senate, which everybody knows was secured by fraud and bribery.

JACK CHINN told a Lexington newspaper man that "Thompson may not win, but 'we' are going to beat McCreary." It is just such talk as this that is making the more conservative and decent members of the democratic party flock to the man who has such opposition.

## ON CUBAN SOIL.

ARMY OF INVASION SAFELY LANDS.

A LITTLE BRUSH OFF SAN JUAN.

NEW YORK, June 23.—Playa Del Este special says that the last man of Shafter's army landed at 1 A. M. MADRID, June 23.—San Juan cable says that an American cruiser appeared off harbor. Terror, Isabella and gunboat attacked and enemy withdrew. One Spaniard killed and three wounded.

## WAR ECHOES.

The 2d Kentucky has at last been supplied with arms—Springfield rifles. The president has nominated Desha Breckenridge, of the Lexington Herald, to be second lieutenant of volunteers.

Admiral Sampson is at last in direct communication with Washington through the repaired cable from Guantanamo. It is estimated that \$1,400,000 a year will be derived from the special tax put on express companies on account of the war.

The State Department acknowledges that it was misinformed about Camara's fleet and that the fleet has not returned to Cadix.

The fleet of transports and warships was exactly six days in making the voyage from Port Tampa, arriving off Santiago at noon Monday.

The House Committee on Military Affairs has reported favorably a joint resolution reviving the grade of lieutenant general in the army.

WASHINGTON, June 22, 5:15 P. M. Miles cipher dispatch says army landing near Santiago; arrangements made to attack Spanish flank and rear.

Gov. Bradley issued a proclamation calling on the citizens of Kentucky to organize and look after the wives, mothers and children of those left behind by the soldiers at war.

The British Consul at Santiago de Cuba cables that Hobson and his fellow prisoners were removed from Moro Castle June 7, and are now confined in the barracks at Santiago.

Spain has heretofore annually exported to this country about \$2,000,000 worth of oranges, raisins, nuts and wines. This year this trade will be supplied by California and Florida.

Admiral Sampson has opened to the general public, subject, of course, to censorship, the United States and Hayti telegraph cable line from Playa del Este, 15 miles east of Santiago de Cuba.

Gov. Bradley has received orders for the mobilization of the Fourth Kentucky regiment at the earliest possible moment. It is thought the companies will begin to move by Friday or Saturday.

A captured Spanish officer says one of the shells of the Vesuvius entirely destroyed the battery at Cayo Smith, killing the whole garrison. The people of Santiago say the Americans are throwing earthquakes into the towns. U. S. Marshal Coleman captured counterfeiters Louis Coffey and Stoney Mounce in Wayne county, together with a large amount of spurious coin, molds, stamps and a complete counterfeiting outfit. Two illicit stills were destroyed and several prisoners captured.

Spain's reason for refusing to exchange the prisoners of the Merrimac was that it was feared a demonstration on their return would strengthen the jingo party in the United States, as if there were any other party so long as war lasts. Gen. Blanco has sent word that he will no longer recognize any flag of truce.

The fourth regiment, Col. Colson's, will mobilize at once at Lexington. The captains, with the locations of their companies, are as follows: A. H. Stewart, Prestonburg; B. B. Golden, Barboursville; J. Edgar Park, Irvine; E. M. Shelby, Albany; L. F. Frisbee, Middlesborough; T. G. Tyree, Olive

Hill; William Dixon, Hyden; Harlan T. Beatty, Beattyville; John Patrick, Jackson; George C. Coram, Greenup; Joseph Forrester, Harlan.

The first expedition to re-enforce Gen. Shafter, consisting of 4,000 men, left Newport News yesterday, under Brig. Gen. Duffield. Brig. Gen. Garretson's brigade will go next and the two brigades of Garretson and Duffield will probably be formed into a division under Gen. Henry. More will be sent if necessary, although the War Department regards as a fairy story the report that there are 41,000 Spaniards at Santiago.

The Navy records show that the Merrimac, used for corking up the Spanish fleet in Santiago Harbor, was purchased by a special agent of the Government for \$42,000, and that she cost but \$192,000, so that the Government was swindled out of just \$150,000 and, when the ship came into the hands of our naval officers, she was found to be the most useless boat afloat, hence she was chosen to cork up Cervera. A little investigation of this swindle along with the Methodist book concern appropriation is decidedly in order.

Charles Worthington, of Mercer, sold to Brigadier General Bills his fine young saddle, King Squirrel, for \$750.

C. L. Dawes bought in Pulaski 100 sheep at 24 to 4c, and of T. J. Hill a bunch of top ewes at 3c. He sold to E. T. Pence a bunch of hogs at 34c.

M. S. Baughman and A. C. Dunn furnished the government 47 mules, which they bought in Lincoln and adjoining counties at an average of \$55.

A. A. Crutchfield sold to Stone & Co., of Jessamine, a mare for \$40 and to E. S. Bruner a horse for \$30. He also bought a mare in Jessamine for \$10.

E. P. Woods bought of John B. Foster a bunch of light shipping hogs at 3 to 34; a bunch of lambs of A. M. Feiland at 4c and a bunch of John Skidmore at 4c.

R. H. Bronaugh was in it at Latonia Monday, winning two of the six races on the card. Kitty B., selling at 5 to 2, beat a field of eight and Kathie May, 6 to 1, easily defeated nine other starters.

J. R. Johnson has lost during the past month from cholera 130 fine hogs, worth about \$2,500. The disease among his hogs was caused by persons living

above throwing dead hogs in the creek.

—Georgetown Times.  
The noted saddle and combined stallion, Black Squirrel, 58, the property of J. W. & J. M. Garrett, of Woodford county, is dead. In his death Kentucky loses the greatest saddle stallion that has ever lived. So much greater was he as a sire than any other of the breed that came before him that it is doubtful if any man will dispute his title, "the king of the saddle horses." He sired Chester Dare and other noted saddlers.

**Mistaken Identity.**  
Attorney—You say you had called to see Miss Billings and was at the house at the time the burglary was committed? Witness—Yes, sir.  
"Then how did it happen that when the prisoner dashed into the room and assaulted you you leaped through the window and went home, making no attempt to defend the lady or give the alarm?"  
"I thought it was her father."—Hartford Times.

**Thrown Away.**  
"You seem fond of that old armchair, Miss Birdie," said young Cholly, who was sitting bolt upright on the edge of a chair about eight feet away.  
"Yes," replied the young woman, setting herself back in it. "It's comfortable. And it seems to know what its arms are for, wooden as it is."  
But even this was lost on the thick-headed youth.—Chicago Tribune.

**A Patriotic Beverage.**  
"Is it soda water you're drinkin'?" exclaimed Mr. Rafferty.  
"It is," replied Mr. Dolan.  
"What flavor wor ye takin'?"  
"I had a mixture; strawberry, vanilla and crushed violets."  
"O' givin' heard to the folkses."  
"Nor did I. But 'twor the only red, white an' blue drink the clerk could put up."—Washington Star.

**Unnecessary Advice.**  
"You may go," said the magistrate; "and I advise you, in future, not to threaten your wife."  
The individual, who had his head in bandages and his arm in a sling, turned away suddenly.  
"An' he gits ten thousand a year fer sayin' 'ings like dat'!"—Puck.

**An Honest Man.**  
"I should think," said Cawker, after Pelican had finished a ridiculously long narration, "that our friend Pelican would make a perfectly trustworthy cashier."  
"Why?" asked Cumso.  
"He is never short in his accounts."—Hartford Life.

**Too Tender.**  
"I think Mr. Gormus is the softest-hearted man I ever knew," said Mrs. Gormus. "He just can't endure the thought that anybody is in pain, and he has slept in the gutter all this week so he couldn't hear the baby when she waked up and began to cry."—Chicago Tribune.

**Just a Suggestion.**  
"Do you believe in the saying that 'Man proposes and God disposes'?" she asked.  
"Of course," he replied.  
"Then I should think you would do your share," she suggested.  
Shortly thereafter everything was arranged satisfactorily.—Chicago Post.

**WHERE TOURISTS WILL GO.**—By land and lake to Northern resorts. Michigan with her Mackinac, Charlie voix, Petoskey, Bay View, Wagoning and other well-known retreats, where the weather is always cool, will be the Mecca of Kentucky tourists this Summer. Large numbers from Louisville and interior points in the State and from Indiana have already planned through Mr. E. H. Bason, of the McCon Route, for accommodations on the fine steel ship, "Manitou," which leaves Chicago three times a week for these points and is infinitely the most delightful trip offered this season. The rates for this incomparable voyage are no greater than by all rail, but so much pleasanter that vacations will be doubly enjoyed by those making the selection.

A COOL snap, sufficient to make fires comfortable in the mornings, has prevailed for several days, but showers and warmer weather are predicted for today. It has been a splendid season for wheat harvesting and a great deal of it has been done. The crop generally is very fine.

THE colored public school commencement will be held in Walton's Opera House, Thursday evening, 30th. Prof. W. D. Tardif tells us that white people are expected and that special seats will be reserved for them. The program is an entertaining one and the admission is only 25c.

IT is stated with almost full positiveness that the 17,500 L. & N. men will have one-half of their reduced wages restored July 1st, and that all the officials who received \$4,000 and over, and who were cut 20 per cent., will have an advance of 10 per cent., while those receiving less than \$4,000 will have an increase of five per cent.

COLLISION.—A head-end collision of freights No. 36 and 29 occurred just South of Livingston yesterday morning, when both engines were used up. HELD IN \$100.—John Smith and Will Lewis, who took part in the shooting in Macksville Saturday night, were tried before Judge Carson Wednesday and held in \$100 each till next circuit court unless the grand jury is recalled and the case is disposed of this court. THERE will be no war tax on the INTERIOR JOURNAL, the price remaining the insignificant sum of \$2, but if some of its delinquents don't come to time war will be made on them. Send or bring us a check for the amount you owe before the law requiring a two-cent stamp on each check goes into effect. You may save both money and humiliation by it.

FAIR.—The young men of Hustonville and vicinity will meet at Hustonville at 4 o'clock tomorrow, Saturday afternoon, for the purpose of electing officers for a stock fair which will be held there the early part of August. It will be an old fashioned country fair, will last three days and some good premiums will be given. Attend the meeting if you feel interested in the enterprise.

THE passenger train South yesterday did not arrive till 4 P. M., too late for us to use the three letters that came by it.

JOHN E. WRIGHT, the Danville monument man, is back from a visit to the quarries in Vermont and Canada, where he not only got new ideas, but bought a big lot of monuments.

ROBERT ALLEN, Tommy Ball tells us that Miss Mary Pepples' turkey house was raided again a few nights ago and 30 young ones taken. A few weeks ago her entire lot was stolen and she had just bought the above.

TAXES.—The tax books are now ready and the auditor has written me to hurry up the collection of taxes. Please don't postpone but come up at once and get a receipt for your taxes for this year. S. M. Owens, Sheriff.

A DRUNKEN tramp, who bore the resemblance of a Spaniard, and who wouldn't give his name, was jailed by Marshal Newland yesterday. Somebody had hit him a fearful blow on the head which laid open a gaping wound.

WHILE scuffling in a coal car of freight No. 37, near Mt. Vernon, yesterday morning, Marshal Noel and Dave Whitman, both brakemen, were thrown from the train, which was running rapidly. Noel got an arm badly sprained and Whitman was considerably cut and bruised.

LUTHER BENSON, one of the most entertaining temperance lecturers that ever appeared here, is dead. Let us hope that the first "Fifteen Years In Hell," that he spent suffered for his sin of drinking and that his terrible thirst for liquor will be felt no more. Since he was here he has graduated several times at Keeley Institutes and finding him incurable they had declined to treat him any more.

WHITE.—Died, in New York City, June 21, Miss Katie White, daughter of Mr. and Mrs. R. L. White, after a long illness of consumption. She had been connected with the mission work of the metropolis for four years, but her health growing so bad, her parents had her brought home. A few months ago, however, she was seized with a desire to return to her work and to try the Christian Science cure, but the dread disease had progressed too far for any earthly help. Miss White was a lovely christian and devoted her life to her Master's cause. Her remains were brought home by her brother, F. A. White, who went to New York in response to a dispatch telling of the sudden turn for the worse in her case, and yesterday after a touching funeral service at McKendree all that was mortal of the bright young woman was laid to rest in Buffalo Cemetery, with the loved ones that had gone before.

IT is Capt. Wm. Boone Penny now. He has been regularly commissioned a captain in the U. S. Army of Volun-teers and his company will be a part of Col. Tyson's 6th Tennessee Regiment. After a thorough physical examination, the surgeons pronounced the doctor the most perfect specimen of manhood found in a list of 86. He tells us that he has 140 men enlisted and expects easily to get out of the number the 103 required.

The captain received the following dispatch from the war department, under date of the 21st:

Col. Tyson, having reported that you have passed examining board and having recommended you for captain in 5th U. S. Volunteer Infantry, the secretary of war authorizes you to recruit a company for that regiment. Hel-staud, assistant adjutant general.

John Walker, who went to Knoxville to be examined, returned yesterday. He does not know, if he passed or not, but if he did, he will be 2d lieutenant of the company. He says the surgeons and mustering officers will be here in a few days to examine and enlist the recruits.

IN the circuit court, Hon. R. C. Warren, as master commissioner, and Jas. P. Bailey, as county judge, made bonds with the U. S. Fidelity & Guarantee Co., of Baltimore, as surety. The court overruled the motion for a new hearing in the case of Edmiston vs. Carson. A compromise was entered in the case of F. B. Clark vs. K. L. Tanner, for notes growing out of a transaction in the boom town of Rockwood, Tenn., several years ago, and a judgment for \$600 payable after six months granted. The judge having been counsel in the case, J. W. Alcorn was allowed \$16 for two days as special judge.

In the suit of T. L. Shelton vs. the L. & N. for \$80 damages for killing his cow, the jury failed to agree.

The trial of the case of James Hacker, a Perry county life convict, against the L. & N. for \$10,000 for slight injuries received in a collision on that road while being brought here for safekeeping, occupied two days and resulted yesterday in a hung jury, eight standing for the road and four for small damages. Judge J. W. Alcorn represented the road and Messrs. R. C. Warren and Robert Harding the defendant.

DeLong vs. Cash & McCormack, for balance on a traction engine, was on trial when we went to press. The defendants claim that false representations were made to them.

One jury was discharged yesterday and the other will be to-day. The court

The Lawn Fete given by Miss Josephine Reid in honor of Misses Lewis and Baldwin Tuesday evening proved an occasion of general enjoyment to all who had the pleasure of attending. The lawn is a lovely one and dotted here and there with tete-a-tete seats, occupied by happy young people, its beauty was animated and heightened. Nature added an additional benison in perfect weather and conspired with the other things to make the evening memorable. Miss Reid was elegantly assisted in receiving by Mr. Thos. H. Shanks, Miss Kathryn Lewis, DeLancey, O., Mr. George A. McRoberts, Miss Olivia Baldwin, Richmond, and Mr. James Reid, while Misses Reid, Anne Shanks, Mammie Wilson Carpenter, Virginia Bowman and Mrs. Reid as entertainers were par excellence. Excellent refreshments were served and Mr. and Mrs. Forestus Reid, parents of the charming hostess, did all in their power to help their daughter make her guests happy. Besides a large number of young people and a number of married couples of this section, the following visitors were present: Misses Eliza Hunton Caldwell, Eva G.
